

ComfortSpace™ Shower  
new from Hytec

a tranquil setting to  
cleanse the soul

Rugged, lightweight materials • Smooth, easy-to-clean finishes  
Simple, quick installation • Affordable • Outstanding service and support

## Good ideas at a good price

For those of the opinion that relaxing comfort and style must be given up for value, the ComfortSpace™ Shower proves a pleasant surprise.

Stunning to behold, ComfortSpace features generous 48" x 42" x 76" dimensions to provide the user plenty of stretching room. An appealing 21" by 48" half-wall allows for installation of the bath next to the shower, providing a more open, spacious line of sight to enhance the user's total showering experience.

Durably constructed of fibreglass-reinforced gelcoat, the rich KOHLER colours and smooth finishes add to the allure. ComfortSpace not only makes a statement. It makes good sense.

## HYTEC® – a union of practicality and design

The HYTEC line is valued by the contracting and plumbing professional as well as the weekend remodeler for quality, design, function and service. Like every HYTEC product, the new ComfortSpace Shower combines rugged, lightweight base materials and shimmering, colourful finishes, including KOHLER High Fashion and Full Line colours.

Featuring a timeless, versatile design, the ComfortSpace Shower unit can be installed with HYTEC baths ranging from 32" to 42" in width.
